ALL THREE U. S. PLANES REACH AZORES ISLANDS

NC-4 Arrives at Port of Horta—NC-3 Off Her Course.

London, May 17, 5:40 p.m.—(I. N. S.)—All three of the American seaplanes which left Trepassey, N. F., last night have reached the Azores, their first stop, according to dispatches reaching London this afternoon. The last seaplane to arrive landed at the Azores at 1:35 p.m. it was stated.

Punta Delgado, Azores, May 17.—(A. P.)—The seaplane NC-4 arrived at the port of Horta, in the Azores, at 1:25 p.m. Greenwich time (9:25 a.m. Washington time).

Washington Announces Arrival.
Washington, May 17.—(A. P.)—The navy seaplane NC-4 has arrived at Horta, Island of Fayal, Azores. The official dispatch to the navy department said: "The NC-4 arrived at Horta (Island of Fayal, Azores) at 12:20." The time given was apparently confused in some way and could not be translated accurately into Washington time, but was taken to mean 8:20 a.m.

The NC-4 left Trepassey, N. F., at 8:07 p.m. yesterday, which would make her time fourteen hours and thirteen minutes for the 1,200-mile flight to Horta.

(There is a difference of approximately four hours in the time of the Azores and the eastern United States. When it is noon in Washington, it is about 4 o'clock in the afternoon in the Azores.)

Made Tremendous Speed.
Punta Del Gada, Azores, May 17.—The American navy seaplane NC-4, in charge of Lieut. Commander A. C. Read, alighted in the harbor of Horta, capital of the Island of Fayal (Azores group) at 1:25 this afternoon (9:25 New York time), having made the 1,200-mile trip from Trepassey, N. F., in fifteen hours and eighteen minutes. The NC-4 made tremendous speed, arriving ahead of schedule.

(Fayal is in the center of the Azores group, just a short distance from the Island of Sant Michael, on which Punta Del Gada is located.)

Lieut. Commander Read maintained an average speed of about ninety miles an hour all the way across the Atlantic.

A later dispatch said the NC-4 passed station ship 19 at 6:14 a.m. Washington time, while the NC-3 was off her course somewhere between station ship 17 and 18, about 100 miles from Horta, at 5:15 a.m. Washington time.

An intercepted message from the NC-4 says she passed station ship 22 at 4:10 a.m. Washington time, and that the "weather was foggy," which was taken here to account for the landing at Horta, rather than proceeding to Punta Delgado.

Another message relayed to the department was one from the NC-4, sent at 1:35 a.m. Washington time, saying she had sighted land. It read: "We have just picked up land again. Think it is Pico." This reference to Pico, which is a small island in the Azores group, was taken here to mean that the NC-4 was approaching the Azores.

The first two seaplanes were in the Azores group, and the third, the NC-3, passed station ship 17 at 5:15 o'clock. The first two seaplanes were in the Azores group, and the third, the NC-3, passed station ship 17 at 5:15 o'clock.

Important Developments Occur in Efforts to Conciliate Italy

(By the Associated Press.)
Important developments have occurred in connection with the efforts to settle the Italian problem before the Paris peace conference. The Italian government has agreed to withdraw its claims upon the Dodecanese islands.

Italy has been claiming these islands by virtue of treaty rights acquired in 1912 after the Italian-Turkish war, although the islands are largely Greek in population. The settlement of this controversy is regarded as a major step toward the solution of the Italian problem as a whole, and the conferences among the peace conference leaders are being continued today with hopeful view prevailing the reports of the discussions. The peace treaty with Austria has been further whittled into shape, and it was made known today that an additional 5,000,000 gold marks would be demanded from Austria in the document. This means a sum of approximately \$125,000,000, or one-twentieth of the \$250,000,000 Germany is required to pay.

Pope Benedict has taken steps to communicate with the head of one of the most important delegations at the peace conference in an effort to secure a revision of the terms of the treaty of peace, according to a dispatch from Rome.

The pontiff, it is said, was begged to take this step by the Catholic prelates of Germany, it being reported yesterday that Cardinal Hartmann, of Cologne, had appealed to the Vatican. Whom the pope will address is not indicated in the dispatch.

In the meantime, mass demonstrations of protest are being held throughout Germany. In Berlin, thousands assembled before the reichstag building Thursday and adopted resolutions denouncing the treaty which Germany is asked to sign. In Hamburg the same day a crowd gathered outside the headquarters of the American mission in that city and made a demonstration against the peace conference.

Report Ex-Kaiser Changes Name and Goes to Germany

Paris, May 17.—(I. N. S.)—The former Kaiser and his secretary left the castle at Amerongen, Holland, a month ago and are now living in the German province of Baden under the names of Herzog and Von Hilde, the German press declared today.

Strong Belief That Germany Will Ultimately Sign Treaty

Paris, May 17.—(I. N. S.)—Despite the impression prevailing among the peace delegates here that Germany will sign the treaty.

The question of the disposition of the German merchant ships seized by the United States is now occupying the attention of the Americans.

BAKER TO TALK SOON

Definitely Favoring Universal Education—Military Training.

Washington, May 17.—Secretary Baker is expected soon to make a public announcement of a definite stand in favor of universal educational-military training, with a statement of reasons. It is assumed here that President Wilson has approved his plan.

The plan, understood to be favored by Secretary Baker, contemplates the use of the military establishment as a medium for training the youth of the nation; first, along academic and vocational lines, and as an entirely self-sufficient and subordinate feature in rudimentary military science. The secretary's suggested program is said to be based initially on the benefits which will accrue to the country from the higher average of intelligence and the improved standard of physical well-being of the young men who will be taken annually into the training machine.

CLEARING DECKS FOR ACTION

Washington, May 17.—Leaders of the republican majority that will control the sixty-sixth congress were busy clearing decks with preparations for getting down to business right after the session opened on Monday at noon for the extraordinary session of the legislative branch of the national government.

Other terms of the agreement which ended the strike provide that the drivers shall collect commissions as usual on milk sold; that a minimum day shall consist of eight hours. The agreement is retroactive to May 1.
